General Service Board Meeting

The General Service Board of Alcoholics Anonymous, Inc. held its quarterly meeting at the Crowne Plaza Times Square Hotel on Monday, February 3, 2020. Michele Grinberg, chair of the General Service Board, warmly welcomed all present.

All committees met during the weekend. Highlights of committee reports appear below:

Archives

The committee considered two similar requests for a new A.A. history book and agreed to forward to the 2020 Conference Committee on Archives a request to consider the development of a book on A.A. history from 1955 through the present.

The committee considered a request to publish a new book of Bill W.’s unpublished correspondence and agreed to take no action. It was the sense of the committee that the scope of this project is extensive and there are considerable published writings of Bill W. already available.

Conference

The committee agreed to program a presentation/discussion topic at the 2020 General Service Conference as requested by a subcommittee of the trustees’ Literature Committee. It was noted that the presentation will include an overview of the trustees’ Literature subcommittee work performed to date regarding different topics addressing language and access to the A.A. message.

Cooperation with the Professional Community/Treatment and Accessibilities

Cooperation with the Professional Community: The committee discussed the A.A.W.S. LinkedIn page and agreed to forward a progress report to the 2020 Conference Committee on C.P.C. and include a 2017 subcommittee report on LinkedIn. The committee also agreed to forward a request to create a pamphlet for mental health professionals to the 2020 Conference Committee on C.P.C., and discussed the broad scope of this professional setting.

Treatment and Accessibilities: The committee discussed materials related to Bridging the Gap activities and agreed to forward a progress report and a request to create a Bridging the Gap Workbook to the 2020 Conference Committee on Treatment and Accessibilities. The committee noted that some local A.A. communities do not participate in Bridging the Gap or Temporary Contact activities due to limited access of shared experience in this service area.

Corrections

The committee had a wide-ranging discussion on language options to refer to incarcerated individuals in A.A. literature for Corrections, including discussion on a request forwarded from an area to review Corrections-related literature for use by members in correctional facilities and remove the words “inmate” and “offender” and replace them with more inclusive terms. The committee considered the alternatives provided in the request, noting the relevance of providing the appropriate language for the appropriate audience. The committee suggested that a plan be considered by the trustees’ Corrections Committee for a full review of the corrections literature with a focus on identifying the appropriate language based on the audience the corrections literature is trying to reach.

Finance

2020 International Convention Update: The Talley Management Group (TMG) presented an updated budget, based on firm contracts entered into and actual amounts spent to date, to the A.A.W.S. board and the trustees’ Committee on International Conventions/Regional Forums. To date there are approximately 27,000 (60% of predicted total of 47,500) registrants, which accounts for a little under $3.1 million in registration fees. Registration for accessibilities registrants is down about 30%, however, and stadium production costs are still being negotiated.

A.A.W.S. Self-Support Committee: The committee discussed a draft of the newly designed self-support card and forwarded it to the Conference Committee on Finance for additional input. The committee also reviewed a Grapevine flyer and will continue further development.

Google Grants and Seventh Tradition Discussion: Relative to a 2019 advisory action to apply for Google Grants, the trustees’ Public Information Committee requested background regarding how such an in-kind donation of services would be reported on A.A. financial statements. In-kind donations, such as those for TV PSAs have historically been accepted, but the committee will continue looking into the best ways to report this information to the Fellowship.

G.S.O. Financial Results

For the twelve months ended December 31, 2019, the G.S.O. income statement shows a $313,530 deficit (loss) for the period.
Revenues were 1.94% higher than budgeted and 3.79% higher than the twelve months ended December 31, 2018. Operating expenses were 6.61% greater than budgeted and 7.93% more than last year.

Actual contributions for the year were $8,855,697, 5.62% higher than budget and 5.61% higher than the year ended December 31, 2018. Online contributions for the first twelve months of 2019 amounted to $1,001,083. This compared with $878,333 in 2018, $803,909 in 2017, $563,885 in 2016, and $434,274 in 2015. The 2019 online contributions account for 11.30% of our total contributions. It was noted that considerable savings in processing charges are achieved with contributions received online.

The following variances from the 2019 budget were noted for the twelve months:

A large variance in net sales was caused mainly by less than budgeted sales of Our Great Responsibility, with actual sales for the three languages ending the year at 34,137 copies, against a budget forecast of 100,000 copies to be sold. Additionally, for the twelve months, the salary line was $7,981,695 (1.68%) more than budget and $596,557 (0.08%) more than 2018. Professional fees were $277,913 (77.20%) higher than budget and $129,643 (25.51%) higher than 2018. These variances were mainly caused by contract reviews being over budget by $125,471 for the year. There were also additional legal fees (general counsel) that amounted to $142,327 higher than budget.

Contracted Services were over budget by $998,651 (83.22%) and also $660,857 (42.97%) over 2018. This variance was caused by ERP costs amounting to $596,894 over budget.

Travel, Meetings and Accommodations were $74,701 (6.12%) more than budget and $129,643 (25.51%) higher than 2018. These variances were mainly caused by contract reviews being over budget by $103,469 more than 2018.

Travel, Meetings and Accommodations were $74,701 (6.12%) higher than budget and $3,435 (0.15%) less than 2018. There was $79,467 more international travel than budget.

**G.S.O. 2020 Budget**

The 2020 G.S.O. budget projects gross sales of $14,750,000, which is $300,920 greater than the year ended December 31, 2019. Operating expenses were 6.61% greater than budgeted and 5.61% more than last year. Total gross profit for the year was $1,240,469 which was $172,769 less than budget. Gross profit on other content related activities of $656,089 was approximately $3,554 greater than budget and $93,653 more than 2018. Total gross profit for the year was $1,896,558, which is $169,215 less than budget and $12,426 more than 2018.

**Grapevine 2020 Budget**

The 2020 Grapevine budget anticipates an average paid circulation of 67,802 print copies, 2,747 online copies and 1,200 GV subscription app. Total magazine Gross Profit and content related items income are expected to be $2,000,027 which is $103,469 more than the $1,896,558 in 2019. Total direct costs are expected to be $1,086,035, which is $106,294 more than 2019.

The committee recommended and the General Service Board approved the 2020 Grapevine budget reflecting a net income of $5,141.

**La Viña Results**

For the year ended December 31, 2019, income from magazine sales was $129,734 compared with a budget of $126,060. The average paid circulation for La Viña was 10,150 versus 9,709 budgeted and 6,635 for 2018. Gross profit on the magazine was $68,338 compared with $66,793 budgeted. Other publishing income added $21,051 of revenue. After deducting the costs and expenses of $373,401, a shortfall between revenue and expenses of $289,314 resulted for this service activity.

This compares with a budgeted shortfall of $165,838 and a shortfall of $148,467 for 2018. The shortfall for the La Viña service activity is funded by a transfer from the General Fund of the G.S.B.

It was noted that the increase in the net loss for La Viña is caused mainly by the reallocation of salaries to accurately reflect which magazine each employee works on. These allocations were reported differently in previous years.

**G.S.O. 2020 Budget**

The 2020 G.S.O. budget projects gross sales of $14,750,000, which is $300,920 greater than the year ended December 31, 2019. Contributions are budgeted at $9,000,000 which is slightly higher than 2019 actual. Contributions were $277,913 (77.20%) more than budget and $129,643 (25.51%) higher than 2018. These variances were mainly caused by contract reviews being over budget by $103,469 more than 2018.

**La Viña 2020 Budget**

The 2020 budget for La Viña projects gross profit on the magazine of $53,234 and content related items of $14,174, totaling $67,408. After deducting the costs and expenses of $384,433, the 2020 budget reflects a shortfall of $317,025, which is $27,711 greater than the 2019 shortfall.

**Reserve Fund**

As of December 31, 2019, the Reserve Fund had a balance of $18,126,339.

The Reserve Fund represents approximately 9.17 months of operating expenses. Upon the completion of the audits of A.A.W.S. and Grapevine, there will most likely be no transfer from 2019 to the Reserve Fund.

**General Sharing Session**

Regional trustee Jan.L. welcomed all, especially the Conference committee chairs, and introduced the topic: “The

David shared that he looks to Warranties 4, 5 and 6 in Concept XII to help define what a group conscience is and how to reach it: that decisions are reached by discussion, vote, and wherever possible by substantial unanimity; that actions not be personally punitive nor incitements to public controversy; and that we always remain democratic in thought and action.

He sees many changes in society that have impacted A.A. members’ pursuit of the group conscience, including the faster pace (less time for talking, listening, and substantial unanimity) and a hardening of beliefs. Technology has also had an impact. Secret groups on social media often miss the mark in regard to equal participation and can lead to insularity and groupthink.

Newton shared that in our service activities, we need to treat each other with the same patience, tolerance and kindness as we do in recovery. He feels that “the group conscience is not just a utilitarian mechanism for summing up the common welfare, but rather as the Second Tradition states, the very means by which a loving God finds expression in all levels of A.A.”

His first sponsor sagely advised him to never trust anything that happens quickly in Alcoholics Anonymous, “but the downside to that stability and continuity is an intentional inertia built into our structure that may stifle or delay needed change and flexibility. It is then that we need strong and visionary leadership from our trusted servants.”

Carolyn spoke about how our connection to the group conscience on any subject is often brief, just long enough to leave one of a great many fingerprints on it as it passes through our hands. “The group conscience gradually shapes and polishes something rough into something shining. Every touch contributes.”

A Conference committee chair shared that without an informed group conscience, God can’t get a word in edgewise. Another Conference committee chair shared how his experience over the board weekend has built his trust and appreciation of the process and faith in the group conscience.

A Class A trustee reflected on what is required to achieve a group conscience: coming prepared, actively listening, keeping an open mind, having great patience. A regional trustee remarked that he always reminds himself to listen as if he has no opinion.

A Conference committee chair shared about how his area assemblies were driven by motions, often fueled by resentments. When they decided to stop accepting motions and only discuss topics it encouraged more groups to bring problems forward, more engagement and discussion, and a more informed group conscience before considering a motion.

An appointed committee member shared that in A.A. it’s not about uniformity of thought: “I don’t have to think like you, I just have to respect what you’re saying and trust that a Higher Power is running the ship.”

International
The committee reviewed trip invitations for 2020. These include Czech Republic General Service Conference, Portugal Annual National Service Meeting, Bolivia 24th National Convention and Australia’s 55th National Australian Convention.

Coordination on the 26th World Service Meeting continues and the committee noted that contributions to the WSM fund have been received from six countries since it was established by the 25th WSM in 2018.

International Convention/Regional Forums
International Conventions: The committee recommended to the General Service Board that the 40 millionth copy of Alcoholics Anonymous be presented to the National Institute on Alcohol Abuse and Alcoholism (NIAAA).

The committee agreed to forward to the 2020 Conference Committee on International Conventions/Regional Forums a request to discuss methods of closing the Big Meetings at the International Conventions.

Regional Forums: The committee discussed the pros and cons of changing the Regional Forum guidelines to allow local intergroups, Central Offices, Areas or Districts to sell literature at Regional Forums. The staff secretary will develop a brief survey to evaluate the change from the welcome committee and attendee standpoint.

The committee viewed the final draft of the Regional Forum video. Next steps include a professional voice-over. A final version is expected to be shown during the 2020 General Service Conference.

Literature

Nominating
The committee agreed to forward to the Conference Committee on Trustees an agenda item to consider the revised “Procedures for a Partial or Complete Reorganization of the General Service Board, the A.A.W.S. or AA Grapevine Boards.”

The committee discussed the rotation schedule for Class A trustees. The committee recommended and the General Service Board approved that the terms of Class A trustees be adjusted so that one Class A trustee rotates onto the Board and
one rotates off each year, with the exception of the General Service Board chair. The committee reviewed the candidates submitted for West Central and Western Canada regional trustees and found all candidates eligible for election in April 2020.

**Public Information**

The committee reviewed a professional survey methodology report on the A.A. Triennial Membership Survey and forwarded it to the 2020 Conference Committee on Public Information. Noting that the survey methodology review is still in its infancy the committee asked that discussion be continued at upcoming meetings.

The committee also discussed and forwarded to the 2020 Conference Committee on Public Information requests to create a new form of communication specifically addressing the use of social media and anonymity, and that a podcast be created to better carry the A.A. message.

The board also met by conference call on January 6, 2020. During this same period, the A.A.W.S. Finance, Publishing, Technology/Communication/Services and Internal Audit committees each met twice.

**Archives**

Throughout 2019, Archives responded to over 1,500 requests for information and research. The Archives has been invited to present a brief film on the history of A.A. for a screening at the International Convention on Saturday night in Detroit in July 2020.

**Human Resources**

**Information Technology Services**

There has been a change in IT leadership with Lorna Graham (nonalcoholic) stepping in as interim director of technology services and providing support to the ERP Steering Committee.

**Conference:** The Conference Communications Kit was posted to the Conference Dashboard and made available to all Conference members starting January 2, 2020.

**Cooperation with the Professional Community/Treatment:** The assignment updated welcome letters for district, area, and intergroup/central office chairs for C.P.C., Treatment, H&I and Bridging the Gap committees to include suggestions for getting started, online resources on the aa.org website and information about the A.A.W.S. LinkedIn page and YouTube channel.

**Corrections:** The assignment has received more than 400 letters a month over the last quarter, bringing the total of letters answered in 2019 to approximately 6,000. Over 80 inmates were linked to outside A.A. members through the Corrections Correspondence Service, bringing the yearly total for 2019 to 1,790 people.

**Group Services:** In preparation for the quarterly call between G.S.O. and the ICOAA Communications Committee, the committee provided a list of questions that had come from their outreach to Intergroup/Central Offices. Questions focused on: changes to the “A.A. Near You” section of the revised aa.org website and how offices can offer input on future designs; what discounts or pricing changes may still be under consideration by A.A.W.S.; how they might offer suggestions on the revised draft of the Service Manual as it relates to Intergroup/Central Offices; and the possibility of offices being notified about new and revised pamphlets and books in advance to help them with ordering.

**Finance:** For details on A.A.W.S. Finance, see the report of the trustees’ Finance Committee on page 1 of this report and the summary of unaudited financial results on the last page for the twelve months ended December 31, 2019.

**Publishing:** The Big Book, “Twelve and Twelve” and Living Sober have been completed as audiobooks in English, French and Spanish. The Young People’s Video “Young and Sober in A.A.: From Drinking to Recovery” is completed and will be
posted on aa.org and A.A.W.S.’s YouTube channel.

The committee discussed a price normalization proposal that was forwarded to the Finance Committee that would normalize literature pricing to align with the board’s ongoing goals for accessibility and provide parity across the A.A.W.S. customer base, with some prices rising slightly and others being reduced. The new pricing would center on the base (or original) edition of each book or piece of literature and apply to most additional formats of that title. It was expected that such price changes would be reflected and take effect with the printing of the next catalog, expected in the first quarter of 2020.

Technology/Communication/Services (TCS): The committee reviewed progress reports and updates on G.S.O.’s A.A. website analytics and visitor’s activity reports and heard a report from the interim director of Technology Services summarizing website design progress over the last few months. The committee reviewed and discussed a YouTube progress report and a LegitScript/Google Ads progress report.

Internal Audit Committee (IAC): The committee discussed vendor management topics and generalized criteria for developing a threshold for approval that could provide guidance for which contracts would warrant ongoing legal review and which might not.

Additional Activities

Pricing, Discounts and Distribution Committee (DELTA Project): The board approved the recommendation brought forward by the committee that the current 20% pamphlet discount be eliminated, with repricing of all applicable items at the actual selling price (that is, with the 20% discount already applied).

Review of A.A.W.S. Policy on Publication of Literature (per 2019 General Service Conference floor action): The board approved the following recommendations: that the “A.A.W.S. Policy on Publication: Keeping A.A. Literature Current” [as retitled and amended on January 6, 2020] be approved and forwarded to the trustees’ Literature Committee; and that a draft “Proposed A.A.W.S. Policy on Creation of Video” be forwarded to the trustees’ Literature Committee.

Eighth Floor Lease and Construction: Some difficulties with the ongoing construction on the 8th floor have pushed the projected move-in date to April.

Board Committees

The Nominating and Governance committee completed revisions to the AAGV Director’s Handbook. The director of operations will provide a final review.

The Outreach committee will investigate Grapevine ambassador functions the board could implement.

The Finance and Budget committee reviewed draft #3 of the 2020 Grapevine and La Viña budget.

The ad hoc Strategic Planning committee reviewed examples of new pricing structures for Grapevine and La Viña. In addition, the committee presented staff updates to the Grapevine and La Viña strategic plan goals and tactics.

The ad hoc AA Magazine committee suggested a possible joint discussion with A.A.W.S. to discuss large print Grapevine ideas and a possible combined “AA magazine.”

Board Actions

December 7, 2019: Approved the minutes of the September 14, 2019 board meeting. Approved and accepted the AA Grapevine treasurer’s report. Approved and accepted the La Viña treasurer’s report. Additionally:

• Consider a request that the Grapevine Corporate Board in cooperation with the Grapevine Editorial Advisory Board develop a new pamphlet that would describe how Grapevine can be utilized to carry A.A.’s message of recovery to the still-suffering alcoholic.

January 30, 2020: Approved the minutes of the November 1, 2019 board meeting. Approved and accepted the AA Grapevine treasurer’s report. Approved and accepted the La Viña treasurer’s report. Additionally:

• Approved and agreed to forward the 2020 Grapevine budget to the trustees’ Finance and Budgetary Committee.

• Approved and agreed to forward the 2020 La Viña budget to the trustees’ Finance and Budgetary Committee.

• Approved a budget of $24,000 to develop a French audio version of Language of the Heart.

Strategic Planning

The Grapevine Board is engaged in a 3-year Strategic Plan incorporating the Fellowship Feedback Project and working closely with GV’s web vendor.

Carrying the message of the A.A. program through Grapevine and La Viña remains the board’s focus. Subscriptions/product sales are essential to self-support and Twelfth Step service.

Existing engagement efforts for the print magazines, Grapevine Online, and related products will continue, including the ongoing Carry the Message project that focuses on sponsoring subscriptions through Subscription Gift Certificates and the 2019 outreach “Toolkit” effort celebrating GV’s 75th anniversary.

Grapevine has absorbed almost all overhead costs incurred in publishing La Viña since inception. In December 2019, salaries incurred by Grapevine related to producing La Viña were reallocated to La Viña. Thus, there is a corresponding decrease to Grapevine costs and an increase in La Viña costs. No costs have been reallocated for the years prior to 2019 but will be appropriately assigned to La Viña in the future.

Financial

For details on Grapevine Finance, see the report of the trustees’ Finance Committee on page 2 of this report and the summary of unaudited financial results on the last page for the period ended December 31, 2019.
